CERTIFICATE

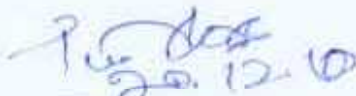

Kendrapara Autonomous College, Kendrapara has been using, since 2007, examination software ACADEMIA, developed by The Freelancers, Bhubaneswar. This software meets the requirement of conducting our autonomous college examinations. The software ACADEMIA is user friendly and easy to operate. All the following reports are generated easily.

- Admit Cards,
- CNR,
- Tabulation Register (TR),
- Mark Sheets,
- Provisional Certificates,
- Ment list,
- Provisional Result list,
- Pass list etc

This was established when, using the software, we could successfully declare the results of the three year degree students of the college during the academic session 2007-2010.

The software helped us to do everything internally and hence maintain confidentiality.
